PROFILE SUMMARY

Aspiring web developer with a strong foundation in HTML, CSS, and JavaScript. Proficient in building responsive web applications using Bootstrap and React.js. Passionate about creating elegant, user-friendly interfaces and solving complex problems. Eager to contribute to dynamic projects and collaborate with experienced teams. Keen eye for detail and a commitment to writing clean, maintainable code. Excited to learn and grow in the ever-evolving field of web development.

PROJECTS

PROJECT - 1

Clickn Buy E-Commerce website *(Live Link)*

- Developed a responsive e-commerce website using HTML, CSS, Bootstrap, and JavaScript, enhancing user experience and accessibility.
- Implemented dynamic product listings and search functionality by integrating FakeStore API, enabling real-time data fetching and display.
- Utilized React.js with Context Hook for efficient state management, ensuring seamless user interactions and optimal performance.

PROJECT - 2

QR Code Generator *(Live Link)*

- Developed a dynamic QR code generator using HTML, CSS, Bootstrap, and React.js, allowing users to create QR codes seamlessly through a user-friendly interface.
- Integrated a QR code generation API to ensure efficient and accurate QR code creation, enhancing the functionality of the application.
- Implemented a download feature enabling users to easily save generated QR codes, improving user experience and utility.
