Professional Summary

Front-End React Developer with 1+ year of experience designing and delivering scalable, high-performance web applications. Proficient in React.js, Next.js, TypeScript, and Tailwind CSS, with a strong track record of integrating REST APIs, building enterprise-grade dashboards, and crafting UI animations using GSAP and Framer Motion. Skilled in clean, modular component architecture and delivering pixel perfect, responsive interfaces that enhance user experience.

Work Experience

React JS Developer

April 2025 – Present

Aryu Enterprises

Chennai, Tamil Nadu

- Engineered production-ready front-end features for enterprise clients across Human Resource Management System (HRMS), travel booking, and business consultancy domains using React.js and Next.js.
- Integrated REST APIs with optimized asynchronous request handling, enabling real-time data sync for employee records, approval workflows, and analytics dashboards.
- Implemented GSAP and Framer Motion animations, improving user engagement and interactive experience across multiple client platforms.
- Collaborated with UI/UX designers to translate Figma mockups into responsive, accessible, and cross-browser compatible interfaces.

React JS Intern

October 2024 – March 2025

Aryu Enterprises

Chennai, Tamil Nadu

- Developed reusable, responsive UI components using React.js and Tailwind CSS, contributing directly to live client deliverables under production timelines.
- Assisted in REST API integration, form validation, and real-time UI state management, ensuring seamless data flow between front-end and back-end services.

Projects

HRMS Dual-Dashboard Platform | *React.js, Tailwind CSS, REST API*

- Architected a multi-module Human Resource Management System (HRMS) with Employee and Admin dashboards, including attendance tracking, clock-in/clock-out logic, and leave and Work From Home (WFH) request workflows.
- Integrated REST APIs for real-time employee records and approval flows; implemented form validation and optimized component re-rendering for performance.

InnerPece – Travel Booking Platform | *React.js, Tailwind CSS, REST API* | innerpece.com

- Built a fully responsive travel platform with dynamic carousels, destination and stay pages, and secure login, signup, and booking API integration with seamless user experience flow.

YesToBoss – Business Consultancy | *Next.js, Tailwind CSS, GSAP* | yestoboss.com

- Developed a Goods and Services Tax (GST), Income Tax Return (ITR), and compliance services platform using Next.js with modular components, SEO optimization, server-side rendering, and high-performance GSAP animations.

WPWebsiteFix – WordPress Services | *Next.js, Tailwind CSS, GSAP* | wpwebsitefix.com

- Built a service showcase platform with GSAP scroll animations, micro-interactions, reusable component library, and optimized rendering for high Lighthouse scores.

Technical Skills

Libraries and Frameworks: React.js, React Native, Next.js, GSAP, Framer Motion

Markup and Styling: HTML5, CSS3, Tailwind CSS, Bootstrap

Languages: JavaScript (ES6+), TypeScript

Tools: Git, GitHub

Education

Dr. MGR University

Master of Computer Applications

Chennai, Tamil Nadu

2021 – 2023 | CGPA: 7.57

The New College

Bachelor of Science in Computer Science

Chennai, Tamil Nadu

2018 – 2021 | CGPA: 6.45
